

# CHEATSHEET

## Universal Rights

Each zodiac guide is tasked with exemplifying a particular birthright that comes with the act of being born into a material world. The Teeny, Tiny Tome of Atomic Astrology, explains these concepts in more detail. In a nutshell, they are:

Guide	Right To:
Luna	Self-Preservation
Sol	Shine
Mercury	Order
Venus	Beauty
Mars	Be
Jupiter	Mastery
Saturn	Freedom

Guide	Traits
Luna	Empathy
Sol	Pride
Mercury	Logic
Venus	Balance
Mars	Courage
Jupiter	Growth
Saturn	Self-Governance

## Required Character Traits

It is hard for us to accept and adopt the above rights as being a universal necessity. Certain character traits need to be developed for them to resonate. And therefore, each guide teaches us the corresponding trait required for the Universal Right it embodies. Below is a snapshot. Refer to the "Teeny, Tiny Tome of Atomic Astrology" for specifics.

## Balance

The Guides work in pairs, providing a counterbalance to one another to keep the world balanced. This concept is discussed further in the "Teeny, Tiny Tome of Atomic Astrology" in the chapter titled "Six Sacred Causeways".

Guide	Balanced By:
Luna	Saturn
Sol	Saturn
Mercury	Jupiter
Venus	Mars
