### HUNTERS, GATHERERS & WARRIORS

You will need the mindset of a Hunter if Venus is hidden. Gatherers have everything they need in plain site. If Venus is with the South Node, you'll need a special strategy, with the North Node, extra courage.

## CHARACTER

You will meet many characters on your journey, each with its unique mental and moral qualities. They will guide you in where and how to use these qualities.

### EASY, BREEZY OR ROUGH & ROCKY???

Find Venus's friends in your own chart. The type of angle they make to each other will determine the nature of their friendship and help you brainstorm a strategy.

### OPPOSITIONS: A SPECIAL NOTE

This is an alternating current of magnetism and repelling that can be quite unnerving. One minute your enamored and the next repulsed. Keep your eye on the prize and take frequent breaks.
